

Elegance and sleek design with superior performance

Pixo

Pixo, emitting a remarkably precise light beam with its high-quality replaceable lens system is ideal for retail, hospitality, museums and galleries, blending seamlessly into any environment.

With an innovative design that eliminates the need for a driver box and visible screws, it enhances the aesthetic of any space, boasting an impressive efficacy of up to 133lm/w, ensuring energy efficiency without compromising on brightness.

Pixo features external intrack adaptors for further thermal enhancement and comes in both non-dimmable and DALI options, including specialized versions for food applications.

Elevate your lighting experience with Pixo - the perfect combination of style and performance.

Features

- Simple and slick integral design with no driver box and without any visible screws
- Improved thermal resistance with in-track driver
- Extremely precise light beams due to the high-quality lenses
- Easily replaceable lens system, included in the packaging: choose between the standard light beam angle - 36 degree or additional 24- or 54-degrees beam angle
- Three different product sizes: Small, Medium, and Large
- Lumen output up to 5200lm (4000K)
- Increased efficacy up to 133lm/w
- High colour rendering index, CRI>90
- High colour consistency, SDCM≤3 LED source
- Available in 3000K and 4000K light colour temperature
- Non-dimmable and DALI dimmable versions are available as standard
- Available in black - RAL 9005 and white - RAL 9016 housing colour
- Lifespan up to 120,000h, L80B20
- Compatible with OneTrack, and the most common 3-circuit tracks
