Modular excellence and easy installation

Pixo Line

Pixo Line is a linear track system, suitable for office, retail and hospitality environments. Pixo Line offers an easy installation with two separate modules which can be used for the installation on track.

Pixo Line has a light module for various applications which can be combined with a multipower or DALI driver.

The multipower driver module with various settings meets all installation needs with one single product.

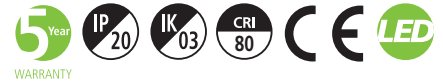

The product delivers up to 7600lm. Available in warm white (3000K) and neutral white (4000K) colour temperatures, white or black finishing colours.

Pixo Line adds flexibility to any space due to the variety of product options that customers can choose from.

Pixo Line is compatible with Zhaga Book 14.

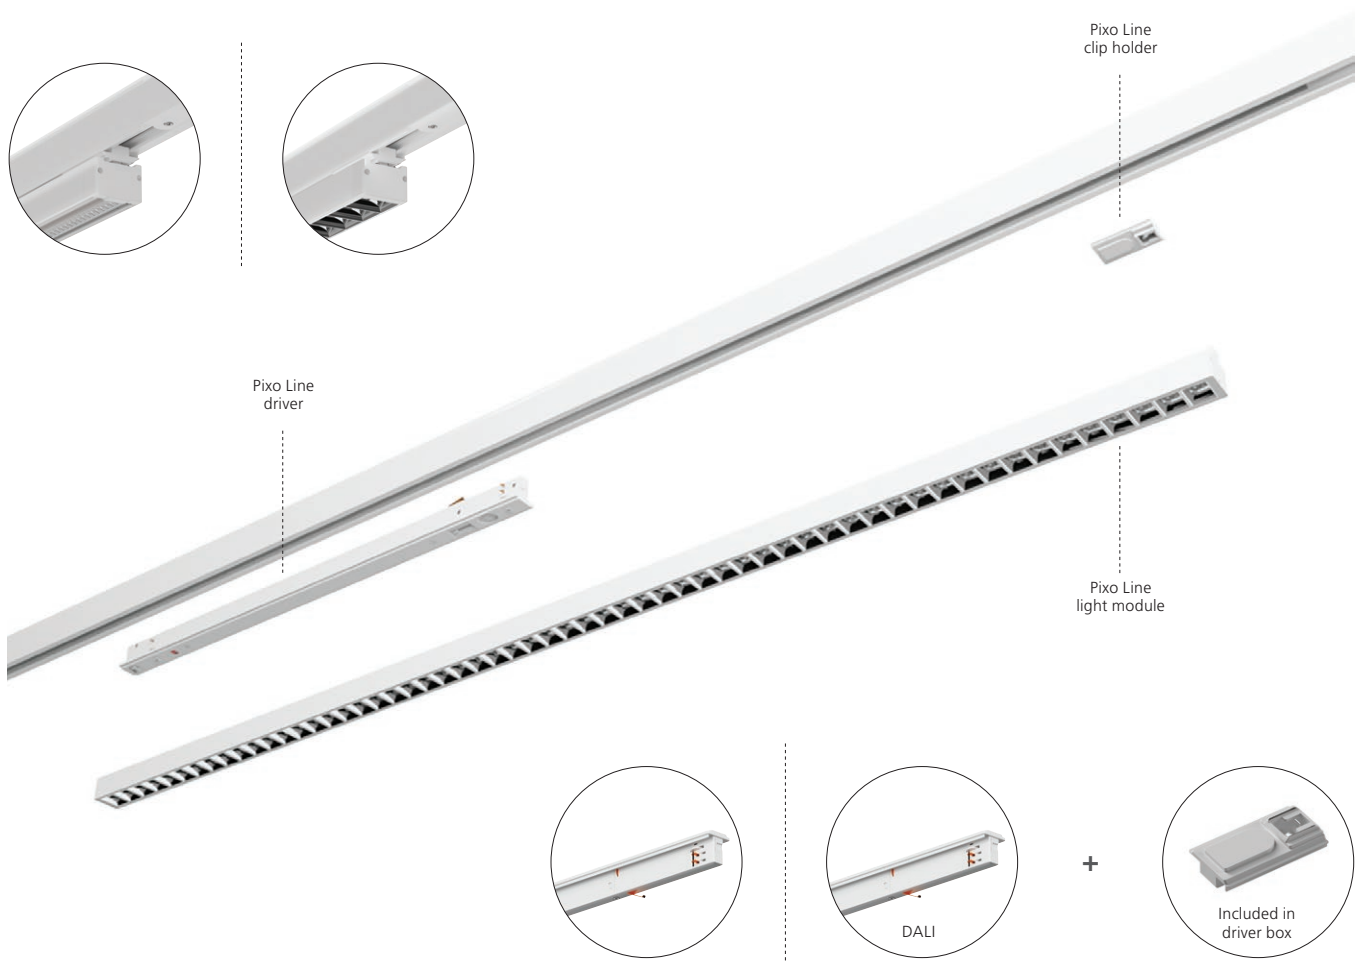

Pixo Line

PRO

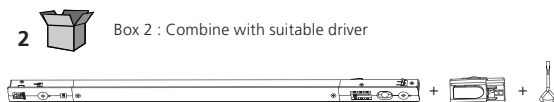

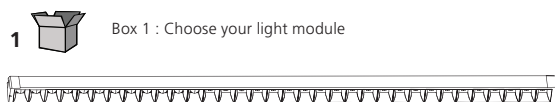

Pixo Line 1500 Features

- Pixo Line is a linear track system, suitable for office, retail, and hospitality environments
- Pixo Line offers an easy installation with two separate modules (light and driver module) which can be used for the installation on 3-circuit tracks
- Push-in/push-out mechanism with GR6d-15 connector: the light module and driver can be replaced easily
- Light modules can be combined with multipower or DALI in-track driver
- Colour rendering index, CRI>80
- Multipower driver module with 8 settings to meet all installation needs with one single product
- Available in black and white colours
- Product delivers up to 7600lm
- Available in 3000K and 4000K light colour temperature
- Lifespan up to 90.000 hours at 70% of the original output
- Compatible with Zhaga Book 14
