SylSmart® Home
is to use.

SylSmart® Home

Control your home wirelessly using WIFI and Bluetooth

Easy to install with no new wiring needed. Simply Plug in and enjoy a smarter home. Control your home all at your fingertips using the app or SylRemote.

Create the perfect scene for every occasion

No matter the occasion, you can create your own scenes whether you are hard at work, ready to party or relax.

Set the mood you want, when you want

Up to 16 million colours and tunable white light to choose from offers you the opportunity to tailor the light to the mood you want.

Works with Google, Alexa and Siri

Link your devices to popular voice assistant or other services to enrich your smart home experience.

High quality, secure and long lasting

Sylvania prides itself on giving you the highest quality products. Long life and Secure, SylSmart® Home devices are designed to last.

Make your home work smarter

Create automated schedules and routines to make your daily life easier.

Automatically turn devices on or off to help you save money on energy bills.

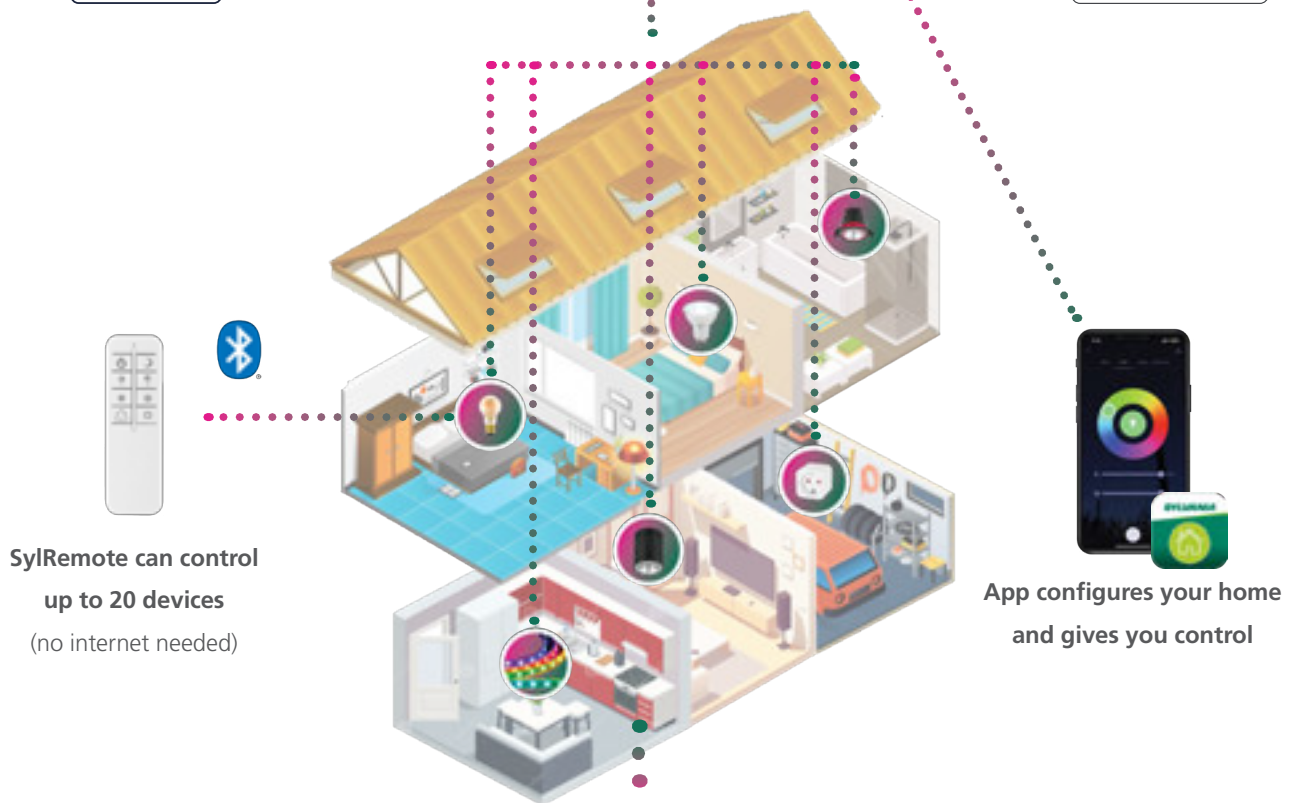

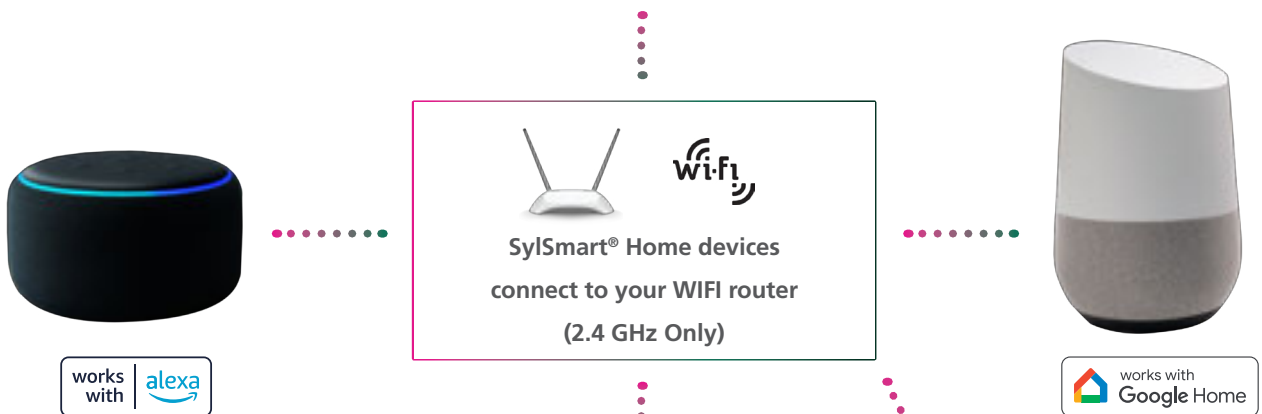

Turning your house into a smart home can reduce your energy usage by about 30% ¹

Smart homes are worth more - 65% of people would pay more for a smart home ²

57% of people save around 30 minutes every day by using smart home devices ³

Router connects SylSmart® Home devices to secure Sylvania cloud

- Easy Setup
- 1 Plug in and power
 - 2 Scan & add using app
 - 3 Setup your home

1 ➤ Power on your smart device

2 ➤ Scan the QR Code and download the APP

APP STORE

GOOGLE PLAY

3 ➤ Connect to WiFi (2.4 GHz) and pair the device

4 ➤ Check you are able to control the smart device using the SylSmart[®] App on your Smartphone

5 ➤ Enable Alexa or Google Assistant:

Make sure your Alexa or Google Assistant device is connected to the same WiFi Network as your Smart device.

Open the Alexa or Google Home App on your smartphone and enable the Sylvania Smart device and Link your account.

Alexa or Google Assistant will automatically search and add the device.

Check your device: Say "Alexa, turn on the Sylvania lights" or "Hey Google, turn on the Sylvania lights".

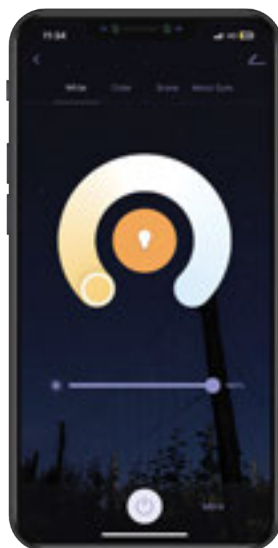

You're all set. Have fun exploring Sylvania Smart devices.

APP Highlights

RGB Screen

Customise and control the colour and brightness of smart RGB-enabled devices.

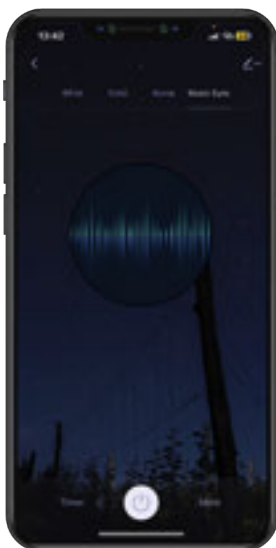

Tunable White Screen

Adjust the colour temperature of smart tunable white lights for personalised lighting ambiance that suits different moods and activities.

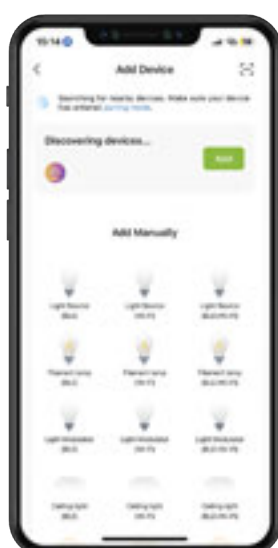

Scene Selection

Select from various predefined Scenes depending on your needs, whether you want to relax, work or party.

Music Rhythm

Synchronizes the lighting effects of smart devices with the rhythm and beats of music by using your phone's microphone.

Add Device

Simplifies the process to seamlessly connect and integrate new smart devices into SylSmart® Home ecosystem.

FAQ

Collection of frequently asked questions and answers, addressing common concerns and helping troubleshoot issues.

Packaging

BRIGHT. BOLD. CLEAR. STANDS OUT

The Sylvania SylSmart® Home packaging is designed to simplify the decision making process for the customer, with improved clarity of product information such as RGB and Tunable White Functionality, Colour temperature range, Lumens, Wattage, Lamp Cap, IP rating and Wireless Dimmability - thus ensuring the right product is chosen for the required task.

- Colour coded Euro-hook tab to highlight the colour Temperature identification e.g. RGB, Tunable White or Candelight 2000K
- Highlighting Smart Home capabilities - Works with Alexa, Google and Siri Shortcuts
- Bluetooth and WiFi icon
- Wireless dimming icon
- QR Code to download the SylSmart® App from APP Store and Google Play
- Wattage and Equivalent Wattage
- Lumen Output
- Energy Class (LED Lamps) - on the front of pack and side/back for light sources
- Voltage and Frequency on front of the pack
- Lamp Cap identification e.g. E14, E27, B22, GU10
- Product Dimensions and Line Diagram - on side of the pack
- Eco-friendly packaging: No plastic and easily recyclable

Spotlights and Downlights

Ceiling Lights and LED Strips

Features

- Control is at your fingertips with compatibility for popular voice assistants like Amazon Alexa, Google Assistant and Siri Shortcuts. Just say the commands and watch as your lights respond instantly.
- Set the mood just the way you like it, whether it's for a cosy movie night, vibrant party or a bright and productive day with the flexibility of tunable white options and RGB colour combinations, the possibilities are endless.
- Adjust the brightness effortlessly with dimming capabilities ranging from a subtle 1% to a brilliant 100%.
- Take your music experience to the next level with RGB music synchronization. Watch as your lights dance along to the beat, adding an immersive element to your favourite tunes.
- Use the SylSmart® APP to unlock full potential; colour temperature changing, RGB mode, increase or decrease brightness, pairing/unpairing, music sync, etc. With SylSmart® APP you can easily manage and control the smart devices remotely within or outside your house or even from a different country.
- With a lifetime of up to 35,000 hours, you won't have to worry about frequent replacements. They'll keep illuminating your space for years to come.
- Our smart range are designed to handle different environments. They can operate flawlessly within a temperature range of -10 to +40°C, ensuring reliability no matter the season.
- To give you peace of mind, we offer a 3-year warranty. If anything goes wrong, we'll be there to support you and make it right.
